Schneider Laboratories Pump Loan Program

a.) When Client places an order, Client will indicate to Schneider Laboratories, Inc. what date Schneider Laboratories, Inc. should expect to receive the equipment and accessories back from Client. ("Expected Return Date"). Schneider Laboratories, Inc. will list this date on the packing list that is sent with the equipment to Client. Schneider Laboratories, Inc. will provide Client with sampling pumps and chargers in good working condition along with, if applicable, media and accessories all at no cost (except for shipping charges, insurance, duties, tariffs, customs fees, etc.) to Client. Client will confirm receipt of all requested items and will contact Schneider Laboratories, Inc. immediately upon receipt if any items are missing or damaged.

Client is responsible for decontaminating all sampling pumps and accessories after use and for returning the sampling pumps, chargers and accessories and any unused media in good working condition (according to SLi's provided protocol) by the Expected Return Date unless the Client obtains Schneider Laboratories, Inc.'s written permission (an e-mail notification from Schneider Laboratories, Inc. is acceptable) to extend the term of use.

Client acknowledges that Client is responsible for any damage to any sampling pumps, chargers and accessories and that Client will compensate Schneider Laboratories, Inc. for any damages. Schneider Labs recommends that all returned items be shipped with tracking numbers and insured. The client is responsible for all equipment until it arrives at SLi.

b.) Client understands and agrees that these sampling pumps, accessories and media are provided at no charge (except for shipping charges, duties, tariffs, customs fees, etc.) to Client provided that all samples taken utilizing the sampling pumps are sent to Schneider Laboratories, Inc. for analysis and are analyzed by Schneider Laboratories, Inc. at Schneider Laboratories, Inc.'s standard published fee schedule or agreed pricing. (SLi's website www.slabinc.com lists Schneider Laboratories, Inc.'s standard published fee schedule.)

c.) Schneider Laboratories, Inc. guarantees that all pumps shipped are fully charged and ready for service. Client understands and agrees to recharge all pumps before use if sampling is not done within two (2) days from the date shipped by Schneider Laboratories, Inc.

d.) If Client fails to return any or all sampling pumps, charges and accessories to Schneider Laboratories, Inc. by the Expected Return Date and Client has not obtained Schneider Laboratories, Inc.'s written permission to extend this term, Client understands and agrees that Client will be considered to have rented these pumps, chargers and accessories. For situations where Schneider Laboratories, Inc. has not received any samples from Client from the use of these sampling pumps by the Expected Return Date, the rental term includes the timeframe beginning with the date that sampling pumps were shipped to Client from Schneider Laboratories, Inc. and ending on the date when the sampling pumps, chargers and accessories are returned to Schneider Laboratories, Inc. from Client. If Schneider Laboratories, Inc. has received samples from Client from the use of the sampling pumps by the Expected Return Date, the rental terms includes the timeframe beginning with the day after the Expected Return Date and ending with the day that Schneider Laboratories, Inc. receives all sampling pumps, chargers and accessories at its offices. The rental fee charges by Schneider Laboratories, Inc. to Client will be the lowest combination of fees for the days outstanding using the following fees per sampling pump (including charger): daily - \$50 per day; weekly - \$100 per week; monthly - \$200 per month.

If sampling pumps, chargers and accessories are not returned by Client within thirty (30) days from the Expected Return Date, Client acknowledges that Client has purchased these sampling pumps and any other accessories and authorizes SLi to charge the client's credit card. Client agrees to be charged by SLi for the replacement value for each piece of equipment listed on the equipment package insert sent to Client on initial shipment.

e.) Client acknowledges that Client is responsible for all shipping charges pertaining to this program both from SLi to Client and from Client to SLi. Client agrees to send back all sampling pumps, charges and accessories by insured two-day courier service (Federal Express, UPS, etc.) or sooner. SLi will ship sampling pumps, chargers, etc. to Client by ground unless otherwise requested by Client.

f.) Client is responsible for all taxes, duties and fees associated with this program.

g.) Client acknowledges that Client's only correction from SLi relating to this program would be the reimbursement of any shipping paid proportionately (if one pump failed to perform out of 5 pumps shipped, Client would be entitled to reimbursement for 20% of shipping cost) in situations where sampling pumps were not able to perform as provided. Client at its option may order replacement of the non-performing equipment at no charge to Client including shipping.

TERMS of Agreement

a.) This Agreement is governed by the laws of the State of Virginia.

b.) Client acknowledges and agrees to reimburse SLi for any SLi attorney and court costs relating to enforcing this Agreement if it is established that SLi is the prevailing party.

c.) This Agreement is the Sole Agreement between the parties and supersedes any previous agreement signed between the parties.

d.) The Client Representative, indicated below, has appropriate authority to sign this Agreement on behalf of the Client.

e.) The Client has set forth his/her initials in the box next to the Pump Loan Program Client understands and agrees to be bound by the terms and conditions of this program that Client has initialed herein.

f.) Schneider Laboratories, Inc. may terminate Client's participation in any or all of the Schneider Laboratories, Inc. programs set forth herein, at Schneider Laboratories, Inc.'s sole option, by providing written notice to that effect to Client. Client may terminate this agreement and its participation in any of the programs set forth herein at any time by providing written notice to Schneider Laboratories, Inc., provided that all equipment, sampling pumps, chargers, accessories, sampling badges and all other Schneider Laboratories, Inc. property have been returned to Schneider Laboratories, Inc. and provided that Client has paid Schneider Laboratories, Inc. in full for all services rendered by Schneider Laboratories, Inc.

g.) Client acknowledges that the General Terms set forth herein apply to Client and Schneider Laboratories, Inc. provided that Client participates in Schneider Laboratories, Inc. Pump Loan Program contained herein as evidenced by Client's initials next to the program title or titles.

h.) Client acknowledges that Schneider Laboratories, Inc.'s standard payment terms for services rendered are net 30 days. Client agrees to pay Schneider Laboratories, Inc. within 30 days unless other terms have been arranged.
