Reviewed By:

OSHA 8 Hr Permissible Exposure Limit (PEL)

Parameter	PEL
Lead	0.0500 mg/m ³ [50.0 µg/m ³]

Concentration is based on volumes provided by customer. *RL indicates Reporting Limit. All internal QC parameters were met. Unusual sample conditions, if any, are described. Results are not blank-corrected unless noted by analyst. Exposure calculations are based on customer-supplied information and assume zero exposure for time not sampled. Calculated values are reported to three significant figures.
